

VENTOSOL

WINDOW & FACADE

**VERTICAL SHADING WITH SIR SYSTEM
FOR OPTIMUM FABRIC TENSION**

VENTOSOL VS5200 | VM720/3

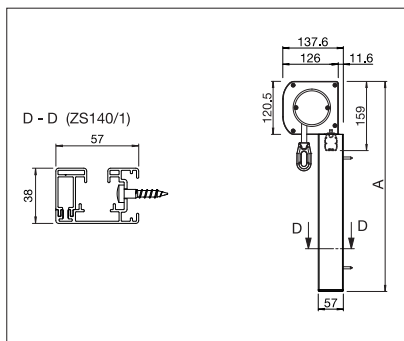

Round box

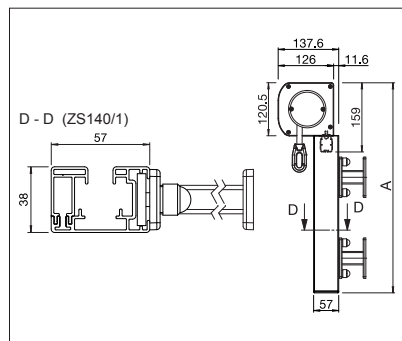

VM720/3 Square boxes

- New, 2 part track available (VS5200)
- Fabric protected in the box
- Suitable for many uses with its rounded (VS5200) or square box (VM720/3)
- Maximum stability of the cover guidance system thanks to the SIR system (Soft Retaining System – zip fastener technology)
- No light can creep in between the cover and guide rail (SIR system)
- Very high wind stability
- Drop profile recessed into the box (VM720/3)
- Wall mounting possible with fixing brackets, direct screw connection or clip system
- Mounting to soffit possible using direct screw connection
- Different fabrics enable clear view despite shading, or even complete darkening
- Can also be used as a screen for outside and inside (suitable cover required)
- No fluttering of the cover or excessive noise emission
- Insects are kept out
- Bug screen available (VS5200)

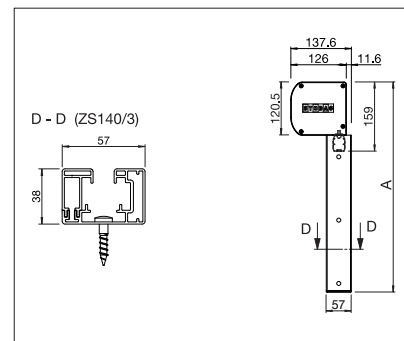

Technical dimensions in millimetres (1 mm = 0.03937")
