

Lumon Glazing Systems

Lumon's retractable and sliding glazing systems offers **more room for life**, while keeping you connected to the outdoors.

-  Offers protection from the elements
-  Opens to let in the breeze & closes to act as a windbreak
-  Reduces unwanted outdoor noise

Lumon Retractable and Sliding Glazing

Lumon glazing is flexible, easy to use, and convenient to maintain.

Just like a convertible car, you can:

- Open it to connect with the outdoors, ventilate your space, and feel the breeze.
- Close it up to help protect from rain, wind, noise, and to stay cozy in the colder months.

“What we love about it is the fact that we can use it year-round. We have hosted many friends and family members and everyone who comes enjoys the cozy comfort of being outdoors.”

Veronica B.

“Lumon’s retractable glass wall has turned our seasonal patio into a room that we are thoroughly enjoying. The Lumon glass walled patio has offered us a space that is dust and insect free, warmer or cooler, with spectacular forest views, and also a room with ambiance and atmosphere.”
